

Southern Missouri Reentry Annual Report 2025

Southern Missouri Reentry (SMR) has a zero-tolerance policy towards sexual abuse and harassment of its clients, whether the abuser is another SMR client or SMR staff. The number of PREA related allegations made by SMR clients in 2025 was zero (0). PREA compliance requires that program clients have several means of reporting sexual abuse or harassment. SMR staff accept verbal, written, anonymous, and third party reports of sexual abuse and sexual harassment. Third party and anonymous reports may be made by phone, in writing or via e-mail. Contact information is available at Southern Missouri Reentry's website (southernmissourireentry.org). Staff members have a private means of reporting sexual misconduct they witness towards residents. All allegations are investigated according to organizational policy as defined in the manual that can be viewed on the organization's website.

Unless an allegation is unfounded, SMR conducts a post-incident review after each PREA related allegation. This review includes upper level management. It considers whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse. It also attempts to determine whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility. The information below is derived from data collected on each allegation made. It not only appears here but also is forwarded upon request to the United States Department of Justice.
